More than a Thousand Words

As Bishop Ridley faced the sentence of death in the Fall of 1555, his judge permitted him just 40 spoken words of self-defense - and counted them off before silencing him. A travesty of course. Attempting to encapsulate within a few paragraphs the exhilarating moments of a decade, the issues of the day, the fine achievements of the current senior students and the emotions of transition seems similarly perverse.

We are enjoying a wonderful year, and we are in great heart. Events like the International Independent Schools' Public Speaking Competition, the Scottish Play, and the Carol Services showed the school at its best. A visitor to the first of these wrote: "what struck me was the engagement and helpfulness of the students not involved in the competition, and their evident enthusiasm for their school", and "the spirit and prevailing happy atmosphere on the campus". Such features speak volumes for the constant efforts and example of the Ridley Family and Faculty.

The historian Henry Adams famously noted "A teacher's influence never stops: he affects eternity". Just so - even though that influence is often hidden in the ordinariness of the moments of a school day and only recognized later. In my experience Ridley is blessed with an unusual abundance of teachers who would be considered 'top drawer' anywhere, men and women with the heart to instruct, inspire, encourage and guide even on the darkest winter morning or faced with the most reluctant learners. Watching them in action has been both a delight and a privilege.

The term 'privilege' is much abused. Most appropriately, however, it refers to those special times in life when one has the chance to be part of some enterprise involving many people and to play a small part in its success: only a small part; the others do the bulk, they too knowing that each of their small parts counted, and that the whole was so much greater than the sum of all those parts. Ridley abounds in those 'special times' - on sports teams, in the Mandeville Theatre or Chapel, during Cadets, at the Henley, on expeditions and -

yes- frequently even in class. They are times to be savoured and, like our students, Judy and I have drunk deeply of this abundance.

Finally, and most flatteringly, comes the unveiling of a portrait. Hopefully the Tiger cover shows that I attempted to look happy, though a smile (even of the enigmatic kind) was not allowed by my admirable painter, John Viljoen. As a senior Governor-friend commented: "he only had so much material with which to work". So we added a glimpse of the breathtaking campus, which infects the souls of all Ridleians, plus - in the 'coded' vogue of the day - suggestions of love and teamwork.....and even serendipity: good things come unexpectedly, if you take sensible risks and work away.

Artist John Viljoen with Judy and Rupert Lane at the Dec. 3, 2004 unveiling.

During the coming years we hope Ridley will take some exciting risks, work hard to make them succeed and enjoy the happy fruits, while remaining the most nurturing, spirited and diverse academy of its kind in the world. Judy, the boys, Maggie and I will be watching from afar via the website - with confidence, pride and enormous gratitude.

FESTIVAL IN THE WOODS

In late September, the second annual Festival in the Woods was held at the Burgoyne Outdoor Education and Research Centre and provided every Ridley student with the opportunity to learn about nature and history. Demonstrations on pioneer practices and survival, historic musket and black powder use, apple cider pressing and a trick riding display, were some of the highlights.

MIDDLE SCHOOL

It is truly jaw dropping to contemplate the myriad activities that have already drifted into the past since Opening Day 2004. With all

that has been accomplished both inside and outside of the classroom, it is hard to believe that the Michaelmas Term is behind us. A brief overview of the events thus far can only offer a sense of the events to date.

As always, the year commenced with a gathering of new and returning students, parents and faculty on the evening before the first day of classes. Although the weather tried hard not to cooperate, all had a good time and many of the first day jitters were alleviated during this informal get together.

Just a few short weeks after our opening assembly, each and every Middle School student attacked the annual Cross Country Run with determination and enthusiasm. Although the highlight is without question the fact that every student is involved in this event, special mention must go to the first students to cross the finish line. This year's female winner Namalee Makuloluwa '09 literally tore up the course and the record book in the Open Girls Division.

Namalee was preceded over the line by Greg Karpachev '10 on his way to claiming the Lt. Col. Frank A. Reid Award.

On Saturday, September 26th, 72 Middle School community members participated in the CIBC Run for the Cure and raised \$1500 for this important cause. Ridley placed 4th overall in collected donations and 2nd overall in total participants. Tim Rose '09, Eric Casey '09 and Philippe Wood '10 finished 1st, 2nd and 3rd respectively in the 1K walk and Brianne Jenner '09 finished 1st in the 1K walk in the female category. Congratulations and thank you to all who supported this event.

For the second year in a row, every Ridley student from grade 5 to PG spent a full day at the Burgoyne Outdoor Education and Resource Centre. Once again, all of Middle School headed out together for the Festival in the Woods where students were involved in a variety of hands on activities, demonstrations and exhibitions. It was a great day and we can hardly wait until next year.

Just prior to the mid-term break, Middle School welcomed Canadian author, Greg Jackson-Davis to Ridley. Mr. Davis is the author of *Digging for Philip*, a novel being studied by our grade 8 classes. During his daylong visit, Mr. Davis met with each of our seven classes and spoke to the

entire Middle School at the start of the day. This visit was only a few weeks after we welcomed Holocaust survivor George Brady and Fumiko Ishioka who shared with us the incredible story of *Hana's Suitcase*.

The first half term came to a close with another successful 4th Dimension week. Grade 8 had an eventful four day excursion to Québec City and Montréal, our two grade seven classes enjoyed three days in our nation's capital, while the grade 5s and 6s toured around the Niagara Peninsula.

And so after catching our breath over the November long weekend, we now look ahead to exam preparations aplenty, term two sports tryouts and auditions for *Happy Days*, this year's Middle School dramatic production among other things. Although parents often joke about wishing they could attend Middle School, I think many of them would be hard pressed to keep up with our enthusiastic students and faculty.

Director of Middle School*

A Fond Farewell to Rupert and Judy Lane

Almost 10 years ago to the day I had the honour and pleasure of introducing Rupert and Judy Lane to the Ridley family at a dinner held at the St. Catharines Golf Club. In my introduction I told the gathered crowd that as a very young boy I had received a teddy bear from my English relatives. Each Christmas for the next 10-12 years an annual compilation of stories of my teddy bear arrived, a gift I eagerly awaited and thoroughly enjoyed. The name of the bear was Rupert.

I told the gathering at the golf club that if we came to enjoy Rupert Lane as much as I did Rupert the Bear we would indeed be in for a happy decade. I believe I can say on behalf of the entire Ridley family that under the leadership of the Lanes, it has indeed been a happy, fruitful, successful era, possibly one of the best in Ridley history.

If I had to pick one word to describe Rupert and Judy both as a couple and as individuals it would be 'kindness'. Their thoughtfulness for others is boundless and I can honestly say I never heard either of them say an unkind word about anyone at any time. Lord knows there were challenging times when one of us deserved an unkind word but typically they always found the silver lining and a positive word to say about their detractors and their friends alike.

Dinners for gap students, relishes and fudge delivered at Christmas, hand-written cards of thanks, the supportive knock on the door when a family member was ill, the heartfelt laugh at their own expense,

the constant stream of postcards written from far flung Ridley branches around the world, the Saturday morning brunches Judy hosted - all these and thousands of other oft-repeated or singular thoughtful acts of kindness define who Rupert and Judy are and what they meant to Ridley.

As a true Renaissance man, Rupert not only supported but also participated in the full breadth of

With sons George, Joe and Dan and the infamous Maggie.

Ridley activities. A keen sportsman, he loved the traditional games he knew from home (field hockey, soccer, rugby, cricket) but he quickly became an admirer of volleyball, ice hockey ("but not the fights") basketball and Canadian football ("but why are they allowed to block opponents!?") His personal favourite - golf - allowed Rupert to enjoy the annual staff-student matches and his sneaky long, well-managed game and deadly putting usually saw him on the right side of the score vs. the long-hitting, go-for-broke boys he played against. Ever notice how he complimented your drive lying 50-60 yards further down the fairway, then humbly smiled as he tapped in for birdie while you scrambled for bogie after the second shots were played?

Patrons of Ridley drama will long remember the cameos Rupert offered in the annual school musicals. One minute sitting with the Board Chair in the

audience and the next crossing the stage in elaborate costume while we all wondered who the old stooped gentleman with the long hair was? The finale for Rupert and Judy was their interpretive version of 'the

monkey' performed in *Joseph and the Amazing Technicolor Dreamcoat*. They made splendid, aging hippies indeed!

Of course, Rupert's contributions spanned much more than just the sports field and the Mandeville Theatre. During his watch we saw several dress code offerings finally emerge as the current school uniform and while he never quite got control of 'skirt length', unquestionably our students present a tidier, prouder image than in the past. Huge strides were made in the area of Information Technology as we moved from two computer labs to a fully integrated wireless laptop programme. The successful renovation of Alumni Hall, formerly Lower/Middle School, and the fourth or is it fifth retirement of Governor's House aka the Pest House, has given our junior students exceptional learning and living spaces. Irrigation systems under A squad and the soccer pitch in front of Alumni Hall have given us two of the best playing surfaces in Canadian Independent schools. Through Rupert's encouragement, and with funding by the Chandran family, Steve Clarke has developed a unique master teachers professional development programme which has re-energized many veteran Ridley faculty members and given our younger faculty unequalled opportunity for growth. The school owned property assets have almost doubled as we added the Burgoyne Outdoor Educational Resource Centre and the 11-acre plot of land adjacent to the school on Ridley Road.

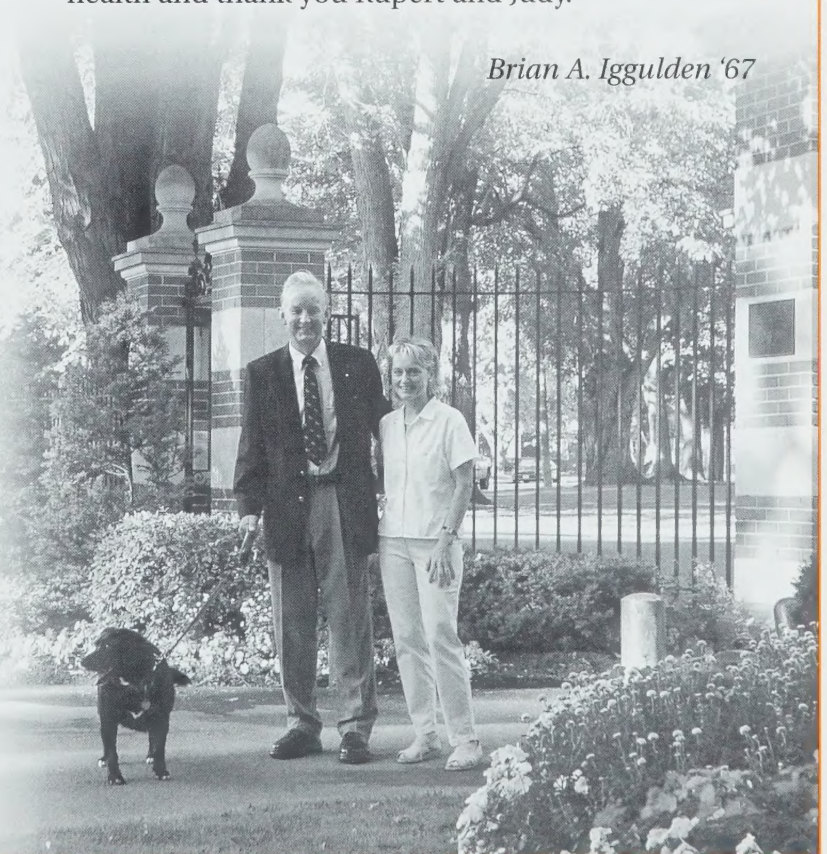

'Behind every successful man is a great woman' - so true in Rupert's case. Judy has left her mark on the Ridley landscape - quite literally as a member of the school Landscape Committee and figuratively through her grace and engaging personality. Her Kenyon Lett Garden has flourished and, together with Rupert, Judy has afforded two fine tree specimens - an oak and a willow, which will beautify our

campus for decades to come. Probably the most capable fundraiser in the family, Judy helped secure a major endowment for the school - one that has provided us with many plantings annually. We will all miss her carefully scripted dinners, her cheerful assistance of the Family Guild Executive, her exceptional charm in working a crowd of grads anywhere in the world and her genuine manner in all she undertook.

Personally, Rosemary and I will miss the company of Rupert and Judy. Our friendship grew with each trip we took together and one could not find more pleasant, easy going travel companions. Like the rest of the Ridley family we will miss them but we know they will be regular attendees at the U.K. Branch meetings. Perhaps, now that they have their Canadian citizenship, when they miss the lengthening shadows of the Memorial Chapel as they creep across A squad in the fall, or the bite of February wind as it blows across the back field, or the sounds of the Ridley Band as it practices for the annual inspection on those spring mornings, we might have them back as neighbours. We would all welcome that.

God bless you, travel safely, visit often, enjoy good health and thank you Rupert and Judy.

Presidential Road Trip

Phil Han '01 wonders where the student vote went?

The 2004 U.S. Presidential election was a true political moment of intense interest, anticipation and importance. This election would decide the course America would take over the next four years, but also what would happen over the next few decades. Many could say that the student population have remained a pretty apathetic bunch of people. As students ourselves, we wanted to experience first hand on American college campuses what students were doing to rally their troops and prepare for the most important election in decades. Were American students engaged in this year's election and were they going to make it out to the polls? Were they going to be more excited than their seemingly disengaged Canadian counterparts? Well we would soon find out.

Diarra Smith '01, Kevin Keane, a friend from school, and I, Philip Han '01, all fourth year students at the University of Toronto, wanted to experience the political climate in the States first hand and to answer the questions of whether students were engaged.

Our project would take us to college campuses in Michigan, Ohio, Pennsylvania, all contentious battleground states, and Massachusetts, the home state of Democratic candidate, John Kerry, between October 29 to November 4, 2004. We would visit both large state-funded universities, like Ohio State University, as well as private ivy league schools, like Harvard, to examine if it was even possible that the political climate differed from school to school and state to state. We hoped this focus on college campuses would serve us well in our purpose to see exactly what type of an impact this election was having on students just like ourselves.

Going into this trip we weren't really sure what to expect in terms of student activism and enthusiasm. From seeing the Canadian 'political' climate on Canadian university campuses, I know first hand that there really isn't a whole lot of excitement when choosing a Prime Minister, but when we arrived at our first stop, Michigan State University, this uncertainty was completely erased.

We visited with the Vice-President of the College Democrats, John Fournier, at MSU and was instantly impressed with the amount of passion and knowledge he exerted. He spoke of great numbers of students being seemingly interested in this year's election and how political groups were able to register

Philip Han '01, Kevin Keane, and Diarra Smith '01.

almost 96 percent of the student population on the campus of MSU. Was this our first signal that students were preparing to vote on election day in massive numbers? That's certainly what the Democrats were hoping for.

A rally was organized by the College Democrats of MSU the next day and was going to be attended by the two stepsons of John Kerry, Chris and André Heinz, as well as Hollywood actor Jake Gyllenhaal and Allison Munn. The rally was completely full of either interested political students, or star gazers wanting autographs from Jake Gyllenhaal. I wasn't sure which one it was. From all the speakers we heard the usual Bush bashing and go get 'em attitude, but what was more surprising was that we kept hearing phrases of how "voting should be sexy," and that "it's cool again to vote." Was it ever not sexy? I always thought voting was cool, but then again maybe I just wasn't cool from the beginning because I liked to vote.

That same night we would head down to Columbus, Ohio where President Bush and Arnold Schwarzenegger would be speaking to a sell out crowd. Unfortunately we arrived late because we got lost, and it was disappointing to know that we weren't even allowed near the building because it was under a Secret Service ordered lock down. When President's Bush's speech was over I spoke to Allison Brooks who was part of the College Republicans on the campus of Ohio State University. It was very surprising once again to see how much passion she had for President Bush, but what was even more surprising was how she spoke of social issues as being her main issue. It's quite odd coming from Canada to hear people so against things like abortion, civil unions, and stem cell research. I was expecting to find young Republicans to lean much more towards the center, but it was shocking to see that almost the majority of the Bush supporting students I spoke to were far more right wing and religiously orientated.

The next day we found out that apparently Ohio State football is just like a religion and we didn't

even want to try and talk politics on this all holy football day. 100 000 students jammed in a football stadium could have been the perfect forum for a political discussion, but we thought we would just leave them to their football, and join them.

On the night of October 29th we found out that John Kerry would be speaking in Warren, Ohio which is a small town about three hours away from Columbus. Luckily we were able to gain access as official media and were pretty excited when we were stationed next to CNN and ten feet away from John Kerry. A huge crowd of over 50 000 people gathered outdoors to hear a mix of Jon Bon Jovi and John Kerry on a beautiful fall evening that made us glad we were there. Some have criticized Kerry for being a dull speaker lacking passion and focus, but when you are there first hand surrounded by thousands of cheering supporters, I found him to be energetic, uplifting and optimistic.

With two days left until election night, on all the campuses we visited we were blown away by the seemingly interested student population. Campus after campus had this huge momentum of excitement over this election and we were excited to see what would be ahead of us. Generally we found Democratic leaning students to be very upset over the war in Iraq as well as the handling of the economy. For the most part they wanted to reach out to the world and play a much more multilateral role in international affairs, a very Canadian concept perhaps. For Republicans, their main focus among young students were moral and social issues. Surprising to say the least.

Our first ivy league school, the University of Pennsylvania exhibited all the same symptoms of a supposedly engaged student population. Numerous active student groups, banners of candidates and flyers for voting locations spread throughout the campus. We attended a seminar session that night organized by the American Civil Liberties Union who were preparing themselves for the potential of voting problems and voter intimidation. The ACLU and Democratic and Republican groups were preparing for a possible repeat of the Florida fiasco. After speaking to Dan Treglia, a Democrat, I also found out that the College Democrats had a manned display table outside, rain or shine, everyday since September 1st for seven hours each day. This was astounding to see this level of dedication for a non-academic activity, especially coming from the University of Toronto where most of the time

this level of interest is purely left to studying in dark library basements.

Finally though, the day of days arrived. It was November 2nd. To watch the returns coming in, we were all going to be at John Kerry's headquarters in Copley Square, in downtown Boston. It was a chaotic site with world media, local residents and out of town supporters of John Kerry hoping for an election night win. Unfortunately, the weather wasn't very cooperative as it was chilly and rainy, and that seemed like it would be a harbinger of things to come. It was a long night and things for John Kerry weren't looking that great. We finally had word that it was all up to Ohio and that the scenario that presented itself now didn't look very promising. By 5:00 am we went to bed under the realization that John Kerry's chance at the presidency was over.

I was lucky enough to be part of the media crowd at Faneuil Hall, where John Kerry, with John Edwards and his family, would make his concession speech. It was utterly depressing and disappointing, and the crowd was literally in tears. Kerry said "the desperate need for unity, for finding the common ground, coming together. Today, I hope that we can begin the healing." I hope that President Bush will be able to unite the American people because I saw first hand how divided the country is, even among students.

Looking at everything we saw on campuses, did this apparent enthusiasm and interest in American politics and the political process present itself on election day? No! American students failed once again. The percentage of students between 18-24

Homecoming 2004

Once again this fall, the Ridley Family swarmed to campus to celebrate a weekend of Ridley cheer and friendship for Association Weekend. Even with the rain, the Ridley spirit was not dampened and was certainly alive and well for yet another successful Homecoming!

The Weekend kicked off on Friday afternoon the first meeting of the year of the Board of Governors, followed that evening by a dinner hosted by the Governors honouring those Reunion Classes whose graduating year ended either in a "4" or a "9."

Saturday was full of events and activities for the entire Ridley Family to enjoy. The day began with the Annual General Meeting of the Ridley College Association, while the afternoon was highlighted by inflatable games and of course the vast number of Ridley teams who competed successfully throughout the day. Sunday morning included Prayers of Remembrance in the Great Hall Cloisters followed by the Founders' Day Chapel Service. The afternoon was highlighted by Alumni sports as a team of determined Alumni stepped onto the soccer pitch and defeated the 1st Team 6-3. Meanwhile, a healthy group of rowers made their way down to Henley Island to participate in an Alumni regatta. Needless to say, it was a great day of sportsmanship, fun and Ridley spirit shared by all who participated!

An event of this magnitude takes the support and hard work of many people. I'd like to thank our lead sponsors, Sundawn Integrated Services (Stann Parzygnat '88) and Niagara Airbus whose financial support ensured the success of the weekend. Also to our other sponsors Tim Hortons (Mr. Chris Rudiger), Chartwells Food Services and Ricochet Water (Andrew Page '98) for their important contributions to the weekend. Also, a huge thanks to all of our volunteers who took time out of their busy lives to help make the weekend run so smoothly. And finally, I would especially like to express my gratitude to Kelly Neill '81, Anne Kubu, Sarah Brooks, Diana Taylor, Karen Moulden and to Kelvin Deacon and his staff for their part in making this weekend the huge success that it was.

Ridley Silver Tea Service

An interesting archival gem in Ridley's possession is this five-piece silver tea set. It resides with the Headmaster in the security of Kenyon Lett House. Before 1989, it was displayed in Maurice Cooke's School House apartment and was pressed into service on many of the school's social occasions. It originated in England at least as early as 1859. It was won that year by Colonel R. W. Huey, the owner of the yacht "Osprey" which earned first prize in the Royal Thames Yacht Club race of that year. The RTYC is the oldest yacht club in the U.K. Formed in 1775, it acquired its current name in 1830 when William IV came to the throne. Today, the club's patron is the Duke of Edinburgh, and the Admiral is the Prince of Wales. In any event, the tea service found its way to Canada later in the 19th century and was acquired by a relative of Col. Huey, a Mrs. Louise Thompson of Islington, Ont. She presented it to the school in memory of her parents. Sadly, a more detailed account of the gift and the dates of its various movements has been lost.

UNDER 14 FIELD HOCKEY - CISAA SILVER MEDALISTS

Under 14 Field Hockey completed a strong season with a second place finish at the CISAA final tournament for the second straight year. The season began with the arrival of 22 players keen to play and learn more about the game. Led by Captains Emily DeBenetti '09 and Alex Petrie '09, the team quickly began to work as a unit and showed the opposition that they were a skilled and determined group. With strong returning players in each line and the addition of new talent, there was not a weak spot on the field. Most remarkable this season was the development of new players, especially our goalies, Carolyn Strum '11 and Amber Samee '11, who both recorded numerous shutouts. Gosia Gwynne-Timothy '09 and Carol Chai '09 were fierce on the defense line, Erica Olsthoorn '10 and Julia Just '10 hit hard and accurate balls from the midfield and Erin O'Rourke '11, Alison Whitty '12 and Amy Christensen '10 made smart, positional plays from the forward line. The top scorer this season was Raiana Hummel '09, recording 7 goals. With a strong group of 16 players returning, the future for Under 14 Field Hockey looks very bright.

Coaches: Erin Hayakawa, Rachael Scott and Laurence Hughes

**BOYS FIRST SOCCER - CISAA SEMI-FINALISTS
CAIS NATIONAL TOURNAMENT SEMI-FINALISTS**

Coming off the enormous success of the 2003 season, the coaches and returning colours were uncertain of what was reasonable to expect for this year's team. This uncertainty turned to trepidation as a mediocre performance in the Earlybird tournament was followed by back to back losses against UCC and Crescent to open the season. However, with outstanding leadership from Captain Chris Singleton '05, and returning starters Manu McIntosh '05, Tait Mackenzie '06, Mike Cho '05, Sean Harvey '05, Walt McIlhone '05 and Brandon Williams '05, the team rallied. Learning something about the price of winning, the Tigers ran off a string of nine straight victories. One of these was against the powerhouse from St. Michael's College with Ridley winning 5-2, and this result marked the emerging confidence of some of the new players, led by rookie goalkeeper Steele DeFazio '05, striker Jose Diaz '07, centre back Hyun Lee '05, and midfielders Imran Khan '06 and Matt Read '06.

The victory string mentioned earlier ended in a hardfought National Tournament semi-final against a very gifted team from St. George's School Vancouver, but the tournament experience set the team up well for the final two matches of the regular season, both victories. Finishing third in the league due to our poor beginning, Ridley was forced to journey to St. Mike's for the league semi final. The Tigers' defence proved impenetrable to the skillful St. Mike's forwards, and the game ended 0-0. Two overtime periods could not resolve the draw, and the game went to penalty kicks, where our opponents prevailed.

Coming back in the face of adversity is always the mark of a great team, and the coaches would like to recognize the tremendous effort put forth and the courage displayed by all members of the squad, including the supporting cast of Prosper Ndiaye '05, Ryan Forde '06, Hendrik Ophardt '06, Mike Mackenzie '07, Mike Vaughan '05, Juan Ceja Scala '07, and

Oliver Bleck '05. Finally, special mention must be made of the dedication and support provided by our student manager, Morgan Ritch-Azan '05, and the skill of Lenny Ferraro, our Athletic Therapist, who worked so hard to keep the players able to compete. The overall record of 11-4, coupled with nine returning players for next season, suggest strongly that the Ridley soccer winning traditions continues.

UNDER 15 SOCCER - CISAA CHAMPIONS

This year's Under 15 soccer team was one of the most talented teams to play at Ridley in a number of years. There have been teams with better players and teams with better records, but this was one of the better "teams" to represent Ridley at this level. There was much balance and no real weaknesses, regardless of who played.

Of the fourteen matches played during the season, eleven were won, one tied and two lost. The team combined explosive goal scoring with a very strong defense and excellent ball control. 58 goals were scored while only 15 were scored against. Only against St. Andrew's did the team have difficulty.

The team advanced to the final in the championship after convincing wins against Pickering and Bayview Glen. Against St. Andrew's, Ridley scored first on a goal by Guillermo Guerrero '08. St. Andrew's came back to tie the game at the end of the first half. The second half and two overtime periods saw numerous opportunities but good goalkeeping and errant shots kept the score tied. The Championship was awarded to both teams.

Marc St. François '08 played extremely well in goal, recording six shutouts. Sammy Paton '08 anchored the defense, breaking up many offensive attacks by the opposition. He was the worthy recipient of the MVP Award for the team because of his ability and leadership on and off the field. John Hopkins-Hill '08 was the stopper and led many forays into the opposition's zone. Richard Salas '08, Andrew Harris '08 and James Pickard '08 were solid defenders and moved the ball well up the field.

The halfbacks were very strong. Led by Mark Difruscio '08 and Dan Kirkpatrick '08, the team controlled the midfield setting up many scoring opportunities and stifling opposition attacks. Guillermo Guerrero, René Galindo '08 and Adam Hutt '08 played very strongly and skillfully.

The forwards were explosive scorers and skillful ball handlers. Joel Ophardt '08, Cameron Nicholls '08, Carlo Hall '08, Alejandro Ruenes '08 and Jay Hawley '08 were always dangerous and moved the ball well.

This was a team that worked hard and was deserving of its success and its championship. It was a great team to coach. The coaches also thank the loyal contingent of parents who supported their sons throughout the season. Their support was greatly appreciated by all.

Coach: Chris Loat '62

HARRIERS

Several new faces appeared at the start of the season in September to help make up a 40 member squad, and they began to show their force early on as the team set off to compete in the Golden Horseshoe Invitational Series as a preparation for the CISAA Championships where OFSAA qualifiers would be determined.

Ably led by captain Landry Jarvis '06 and assistants Rob Lancaster '05 and Jill Evans '06, as well as by other returnees, these rookies showed their grit and determination from the start.

In the Midget division, Brittany Corolis '08 showed tremendous potential but later in the season succumbed to a foot injury which derailed her CISAA hopes. Michael Szejda '08 led the way among our Midget Boys and improved greatly throughout the season, finishing in the top 20 in the very competitive CISAA Championship race to prove that he has a very exciting future ahead.

The only Junior runner on the squad was New Brunswick native and rookie runner, Celeste Doucet '07. Coming in with amazing hockey credentials she set out to show that she can run as well as she can skate and it did not take long to convince us of this. This very determined athlete finished 9th overall in the Golden Horseshoe Series, 2nd at the CISAA Championships, earning her a berth at OFSAA (as the top individual from CISAA) where she ran strongly to finish in the first half of a tough field.

Dima Pak '06 was a new face on the Senior Boys team along with Dominique Nanette '05 from Bermuda running as our second and third runners on what looked to be a very strong team (Jarvis, Lancaster, Shunichiro Ishida, Ben Geraghty and John Hall - '05, and Jeremy Dawson '06). Unfortunately the race at the CISAA Championships did not prove to be the team's strongest and they narrowly missed qualifying for OFSAA.

The Senior Girls team consisted of many returnees (Kate Rickers, Jill Evans, Liz Consky and Morgan Washuta - '06) who were helped tremendously by the addition of Cate Stratton '05 and Courtney Smith '06 who was recruited from basketball. The girls placed 4th at the CISAA Championships and Courtney qualified as an individual for OFSAA but was unable to attend.

It was a great season and fun for the coaches (maybe too much for new coach Mr. Michael Moulden aka Michael Jackson for his bench dancing!). I guess it is hard to think of fun when you are gasping for air during Rodman Hall hill repeats or sprinting challenging loops in Burgoyne Woods and at the Pelham dump, and we are aware that you must know every piece of gravel on the Merrit Trail and have done enough strides or accelerations to make any sprinter impressed, but when it was all over we hope you were all able to take some great positive memories away with you.

Thanks to everyone, and it would be more than remiss of me to not give the biggest thank you to our terrific managers Abbey Takacs '06 and Bonnie Lam '06.

who voted was exactly the same as the 2000 election. There was no huge increase in student turnout. Students failed the grade and were 'just too lazy to vote' as one American student put it.

What happened to the push by groups like Rock the Vote or Vote or Die? Voter registration was at record numbers- celebrities kept telling them to vote! Well, ultimately there's a big difference between registering to vote and actually voting. Registering to vote was seen as the cool thing to do- the newest fad of the school year. It was easy and quick - plus most of the time people got free stuff out of it like cool t-shirts. When it came to getting up and waiting in line to vote, students couldn't put the effort into it. Could it have been true all along that students are superficial people who only care about what is cool? According to what was expected and what happened on election day, yes.

Was it disappointing to see students not show up on election day? You bet it was, but when you still think about how many students even bothered to register, even if it was a fad, and how many students were involved in this election it still gives some hope. Maybe you can only take things one step at a time and we're slowly getting to that point when students, not only in America, but also in Canada realize that regardless of everything else, voting is cool. It's important to take part in the political and exercise the right for which so many in the world are still fighting for.

Overall, this was an amazing first hand look into the American political campaign process and American student culture. Special thanks to my colleagues Diarra Smith and Kevin Keane, and everyone who made this experience possible. Watch out in 2008!

SECURING THE FUTURE FOR RIDLEY

2004/2005

For the past few years, you have been asked to support significant capital projects addressed in the 'Securing the Future for Ridley' comprehensive campaign - the new Middle School 'Alumni Hall', extensive renovations to student residences, and Information Technology making Ridley a totally 'wireless' campus including the Burgoyne Outdoor Education and Research Centre, and the development of the Chandran Institute.

This year, we are asking you to support the Ridley programme. Highlighted in our annual appeal are six outstanding young Ridleians, who 'seized the day' and have excelled in the full Ridley programme. They are representative of the many students at Ridley, learning and growing through the wide array of opportunities available be it academics, athletics, the arts, extra-curricular activities, and 'living Ridley'.

Please use the enclosed envelope with this Tiger to mail your gift to the school,...or visit the school website

www.ridley.on.ca

to make a donation on-line ...
or call **905/689-1889 extension 2250**,
toll free **1-866-455-1889**.

Strengthening the endowed funds supporting academics, athletics and the arts will ensure students continue to benefit from the breadth and depth of the Ridley programme. The programme is further enhanced through endowed Scholarships and Bursaries supporting the recruitment of the 'best and the brightest' from diverse backgrounds, who raise the bar of excellence and enrich the Ridley Experience for the whole student body.

I recently received a note accompanying a donation from a graduate of the early forties, a recipient of a scholarship that afforded him the opportunity to be an "Upper School boarder" for four years. Imagine if the donor had been able to look into the future and realize the impact of his gift over the lifetime of this Old Tiger.

If you have not supported the annual fund this year, please consider doing so. Your gift to Ridley is an investment in the future, and will reap dividends for a lifetime.

It's Up for Debate **Emily Bradley '06 reviews the International Independent Schools' Public Speaking Competition**

When one thinks of school spirit and Ridley College, it is the School Boy Regatta, a football game on Association Weekend, or perhaps a gathering of students around the Snake Dance bonfire that immediately comes to mind. In mid-October, however, the school witnessed a commendable display of Ridley pride, in a most unexpected forum- the International Independent Schools' Public Speaking Competition.

Over a four-day period, Ridley played host to an incredibly talented group of students, hailing from regions of Europe to the United States, and from provinces across Canada. Teams representing fifty-one different schools participated in a weekend that proved to be a truly impressive display of confidence, intelligence, and competitive spirit.

The school prides itself on the diversity of its campus, and this event took this concept to a completely new level. On any given day, the Ridley team found itself debating against students from Cyprus, receiving suggestions from British judges, and applauding the speeches of American competitors. Debate and discussion took on a truly international perspective, exposing students to a variety of insights and opinions.

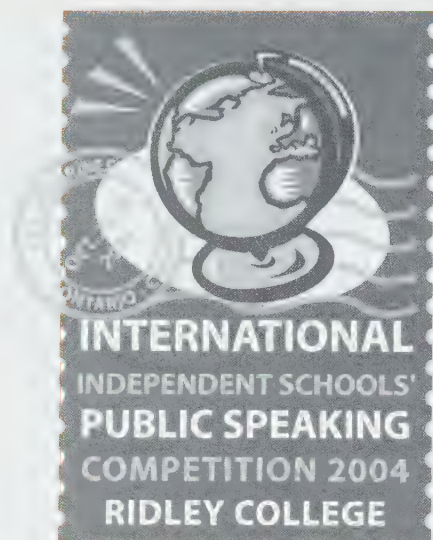

Each competitor was entered in three of the nine offered events, which ranged from radio newscast to dramatic interpretation. The Ridley team was well-represented in four of these classifications. Specific to the public speaking genre, team members presented persuasive speeches, which offered a viable solution to a chosen problem, and extemporaneous speeches, which dealt with a political issue, revealed to the competitor only moments before the event commenced. In the debating field, Ridley competitors participated in both parliamentary debate, which involved an impromptu resolution, and cross-examination debate, in which teams had the opportunity to present their points, and directly question the opposition. At this competition, the chosen cross-ex topic addressed the issue of globalization, and the marginalization of the poor. The Ridley cross-ex team, comprised of two grade 11 students-

Emily Bradley '06 of Toronto, and Simon Miles '06 of St. Catharines-faced incredibly tough competition in the finals against the Roxbury Latin School of Massachusetts, but managed to achieve a first-place standing in the event. The third team member, William MacMillan '05 of Toronto, saw great success as well-his overall standing (10th in a field of 171) earned him a highly coveted spot on the Canadian team for the 2005 World Championships, to be held in Cyprus.

Equally as impressive as the Ridley team results was the exceptional turnout of the school community. Ridley families opened their homes to visiting teams, parents and alumni offered their time and insight as event judges, and the Ridley faculty and student body surpassed all organizational expectations. Event finals saw rooms full to the brim with spectators, many proudly bearing the Ridley crest upon their blazers. Cheering may have been more subdued than on the sidelines of a football field, but in this art of nimble tongue and quick wit, a room full of familiar faces offered true comfort to the Ridley competitors.

At the closing banquet, the Great Hall bore witness to a genuinely happy gathering of students, coaches, and volunteers. Ridley took on a tremendous challenge in hosting this prestigious event; and in all respects, lived up to that challenge. It goes without saying that the participants of a public speaking competition most certainly like to talk; during the event, their impressions of Ridley were universal, and well-communicated-what an incredible place to go to school! As a current student, I'd have to agree, wholeheartedly. School spirit is to be expected at traditional events, but to see such a tremendous display of pride, in such an uncommon and historic forum, spoke volumes about the unity of the Ridley community.

HOW PARENTS & STUDENTS SEE RIDLEY

In February of 2004, Ridley invited parents and students to take a web-based survey administered by a research company called CRI. This was part of the school's ongoing effort to improve the Ridley experience, and assess the school's infrastructure and services. The survey provided feedback on where strengths lie, and where performance should be improved. 545 surveys were received, with a statistically-significant sample of over 50% participation in both groups.

Overall satisfaction was very high, with 97% of parents and 87% of students agreeing that their overall Ridley experience was good to outstanding. Cited by parents for "excellence" were school reputation (94%), report cards (92%), athletics (91%), academics (90%), computer infrastructure (89%), extra-curriculars (88%), and the boarding experience (86%).

Communication issues between the school and parents emerged with the most consistent evidence for action. The school has already moved on this issue, by heightening the imperative for ongoing feedback via the advisor system. Perceptions related to fairness, responsiveness, and disciplinary consistency by the school administration were the top student concerns.

No organization is perfect, but this survey provided ample evidence that Ridley is "getting it right" in many areas, and buttresses the glowing review Ridley received from the Canadian Education Standards Institute (CESI) last year.

Crawford Gordon '56 Retires as Chairman of the Board

In this year of departures Ridley is offering its thanks and celebrating the 27-year career of Crawford Gordon '56 as a member of the Board of Governors. In its 115 year history Ridley has been served by thousands of talented, dedicated volunteers. To borrow from brokerage vernacular, and to continue a little good-natured kidding a few of us have employed with Crawford, he easily falls into the 'top decile' of faithful volunteers who have served the school.

A quick review of Crawford's student career allows us to see why he was destined to be an important player in Ridley history. Crawl starred in football, hockey, gymnastics, squash, tennis and boxing (he was voted top boxer in his graduating year) and played a fair game of cricket as captain of the seconds. Proof of his ability to 'multi-task' is evident when we consider that squash, hockey, gymnastics and boxing all ran in the same term!

Beyond the athletic fields and arenas Crawl was active in the Glee Club, the choir, the Student Council, the Science Club, and served as a Platoon Sergeant in the Cadet Corps. My colleague Anne Kubu noted she could find no evidence of any academic prizes but, commenting on his photo in one of the team reports, she says 'he was a cute kid'!

So with his good looks, multiple talents and characteristic energy and commitment, Crawl joined the Board in 1977. Before that though he had already made his mark when he, along with the late George Hendrie '49, worked to introduce the Class Agent system to annual giving. During his Board career, Crawford served on three Headmaster Search committees, headed the Campaign for Alumni Hall, co-chaired the Major Gifts Committee with W. Darcy McKeough '51, chaired numerous ad hoc Board Committees including the Gordon Committee of 1999 which set fund raising objectives for the past 5 years as well as the foreseeable future.

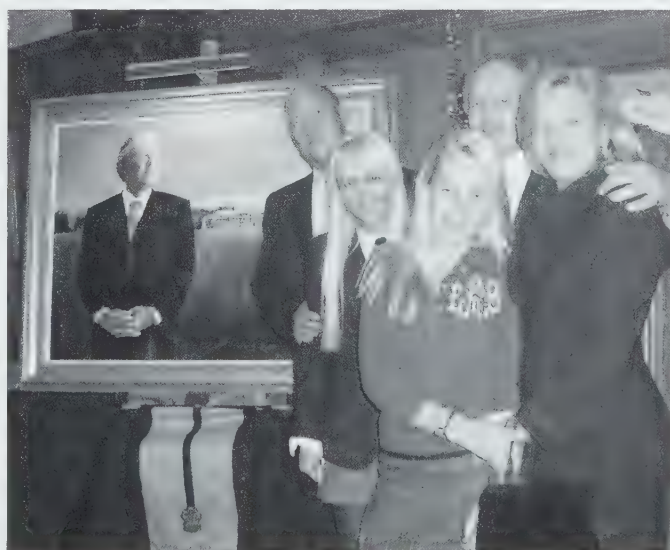

What has always marked Crawford's leadership style is his sense of humility. Though long identified as a leader, he shuns the spotlight on himself

and works tirelessly to develop teamwork, a cooperative spirit and a 'what-is-best for Ridley' attitude. He has been a good friend, a trusted confidant, a reliable sounding board and a model of consistency in all his undertakings with Ridleians of all ages. It is comforting to note that, though Crawford will step down from the Board he has renewed his commitment to Ridley by accepting appointments to both the Advisory Board and the Trustees of the Foundation and will continue to serve as Chair of the Major Gifts Committee.

No doubt Eve, Crawford's wife, has provided him with strength of support and encouragement in all his endeavours and her grace, poise and elegance will continue to be evident in Ridley events for years to come as daughters Chloé and next year Parris continue their Ridley careers. Their son, Crawford Jr., concluded his Ridley stint a year ago by following his father's footsteps as a star on first football and first rugby. The familiar figure of Crawford nervously pacing the sidelines while Eve calmly observed brought smiles to all of us who enjoyed their evident pride.

On behalf of the entire Ridley Family I express our gratitude for your past leadership and friendship. We are blessed that you will continue to be so central to Ridley's future.

Ridley College
Governors' Report
2003/2004

November 22, 2004

Chairman's Report 2003 - 2004

My term as President of Ridley College and Chairman of the Board of Governors comes to a close on December 3rd. John R. Anderson, OR'65 is a most able replacement. John has been on the Board for 21 years and Chairman of The Finance Committee since 1983.

I know he will be well-supported in his efforts as I was. I will continue as Chairman of the Major Gifts Committee hoping to help the Development Office bring in much needed monies for both capital projects such as the anticipated refurbishment to our indoor athletic facilities and for scholarship, bursaries, information technology, professional development for faculty and property maintenance.

December is also the retirement of Rupert and Judy Lane. They have been such a strong Ridley asset and will be sorely missed. The good news is that they know, I know, and the rest of the Search Committee know, that Jonathan and Emma Leigh are strong replacements. Ridley has been and will continue to be well-served.

I believe, but, it is for John Anderson and the Board to finally decide, that a new Strategic Plan and new Capital Projects will be the highest priorities going forward.

The Board of Governors is getting the injection of seven new members on December 3rd. With rotation, this will keep the Board count at forty-five; a number

that works for Ridley. We continue to be able to attract strong female candidates to the Board so that the female/male ratio continues to improve.

The student body is now where it was felt it would settle after the transition from the "Double Cohort" namely 585. The boarder/day mix and the male/female mix continue to be as Ridley would like it.

I wish to salute wonderful leadership, a hard working, dedicated and caring faculty and, of course, a great school.

May this continue long into the future.

Ridley College 2003-2004 Foundation

The 34th Annual Meeting of the Board of Trustees of the Ridley College Foundation was held on Thursday, October 16, 2003 at the Toronto Club.

The Headmaster, Rupert D. Lane, attended and gave a report on the school.

The Nominating Committee recommended the addition of Clarence Chandran as a Trustee.

The Committee also recommended:

- that W. Darcy McKeough '51 be elected Chairman for a one year term beginning October 16, 2003;
- that Leighton McCarthy '62 be elected Vice-Chairman for a one year term beginning October 16, 2003;
- that Harry J. Daniel be elected Vice-Chairman and that Bruce H. Mitchell '64

be elected Secretary-Treasurer, both for a one-year term beginning October 16, 2003;

- that the Committees of the Foundation effective October 16, 2003 be as shown on page 23.

The report of the Nominating Committee was approved.

The Trustees approved a grant of 5.00% of the average quarterly market value of the portfolio for the year ended December 31, 2003 to be paid April 1, 2005.

The Trustees also approved a special grant of \$50,000 for 2004-2005, the same as the previous year, said grant to be eliminated in 2005-2006.

The report of the Investment Committee is given separately. We had a good year. In summary:

	2004	2003	2002
Investment Income	724,142	645,741	877,481
Capital (Losses) Gains	<u>1,913,224</u>	<u>(643,594)</u>	<u>(1,093,677)</u>

Less Grant to Ridley + Owing Ridley	1,099,797	1,271,918	1,429,274
Less Owing Ridley - Specified Gifts	<u>-</u>	<u>-</u>	<u>11,546</u>
	1,434,517	(1,397,402)	(1,745,045)
New Gifts	<u>724,614</u>	<u>540,439</u>	<u>894,662</u>
Increase (Decrease) in Equity of Foundation	<u>2,159,131</u>	<u>(856,963)</u>	<u>(850,383)</u>

If you refer to the table "Foundation Growth" (page 26) you will note that for the Unit Value Retained is now above the benchmark.

Original investment 1982	100.00
Amount needed in 2004 to purchase what could have been purchased for \$100	190.85
Unit Value Retained	193.86

During the year a number of additions were made to the Endowment. We are very grateful to the donors who made contributions to the following:

Based on a projected December 31, 2004 average market value (which may change) for 2004, of \$21,611,000 the 2005-2006 grant to the school at 5.00% would be \$1,023,613 an increase of \$79,038 from 2004-2005.

You will note that in the Continuity of Capital schedules, the U.S. and Vancouver Foundations are accounted for separately.

This will be my last year as Chairman of the Foundation. I will not be seeking re-election at the 2003-2004 Annual Meeting. If the Nominating Committee advice is heeded, Leighton McCarthy '62 will become the new Chairman. I wish him the very best and wish to thank the Ridley 'family' for their great support for the Foundation and for me personally.

On behalf of the Trustees

Ridley College 2003-2004 Scholarship Fund Inc.

The Board of Directors of the Ridley College Scholarship Fund, Inc., at its annual meeting in Buffalo, New York, on 30 September 2004, granted \$160,000 in U.S. funds for the 2004-2005 academic year to provide financial assistance for students.

The Directors also allocated \$160,000 U.S. to be applied to bursary purposes for 2005-2006. These monies were provided by investment income and by contributions from residents of the U.S.

Our portfolio is managed by Clover Capital of Pittsford, New York. Richard J. Huxley, executive vice president, reviewed our investment portfolio, in total U.S. Scholarship Fund Inc. has \$3.8 million in assets.

The Pooled Income Fund, a contingent asset managed by Fleet Bank Investment Group in Hartford, Conn., has total assets of approximately \$515,000. Mr. Anderson urged U.S. residents to take advantage of the PIF in their planned giving.

With deep regret we report the death of one of our Directors, John S. Sprague '43, in Buffalo in October 2003. After Ridley, he served in the U.S. Army in Italy, and graduated from Princeton.

The Directors elected to the Board Hugh D. Evans '87 of New York City and P. Edward Holl '78 of San Francisco.

The meeting closed with a lively discussion of questions that were raised by Director Diana S. MacKay '87 of Washington, D.C. Regarding the purpose of RCSP Inc., former President Robert Irwin reminded us that our charter states that our responsibility is solely stewardship of the endowment. Aside from that, we do engage in fundraising. We also discussed improved communications, and the locale of our annual meeting.

ANNUAL REPORT

Contributors for gifts received between 1 July 2002 and 30 June 2004

Ridley College, The Ridley College Foundation and The Ridley College Scholarship Fund Inc.

The following donors have received a tax receipt for gifts given in support of the school or the Foundations. In cases where an alumnus is also either a current parent, past parent, or faculty, the alumnus is listed in the alumni section.

Participation rates are based on all gifts made by a class in the 2003-2004 year. Donors are not double-counted if they make more than one gift in the year. Their gift(s) are added to the class total.

The Class Agent is listed under the class year.

A cross (†) denotes a deceased donor.

An asterick (*) denotes a donor who has made a gift each Fund year between 1 July 1999 and 30 June 2004 (five continuous years).

The bolding of a donor's name denotes those who have made a gift each Fund year between 1 July 1994 and 30 June 2004 (ten continuous years).

LAST IMPRESSIONS

My first memory of Rupert Lane is vivid. I was being interviewed for the job I now have, and apparently had impressed Brian Iggulden enough to make it to the final round. Waiting outside Rupert's office, I had a vision of the Spanish Inquisition skit from Monty Python's Flying Circus. Would there be a big comfy chair? My knowledge of Rupert was limited - I knew he was English, and six months into his role as Headmaster. I wondered if he would be a stuffy Brit and how would I ever get along with him? I was apprehensive going into the interview but coming out, despite the relative seriousness of the occasion, I was relaxed, smiling and wanted more than before to work at the school.

Unfortunately, because I did not want to be perceived as getting too cozy with my new boss, my only meetings with his wife Judy were limited to Ridley events. We both have many common interests: art, hiking, horses and a similar sense of humour, but my fear of being too "chummy" held me back. I was becoming the stuffy one. Finally, a few years into my tenure I asked Judy to exercise my horse while I was on vacation. I now wonder why didn't I do it sooner - I wasted all those years!

Judy and I have survived riding out-of-control steeds across frozen fields, dressing up to carol on horseback and the glamour of cleaning stalls. We have hiked in the Short Hills Park with snow up to our knees and spent hours in the Cronyn Room in pilates class perfecting our "Kegel". As a proud Canadian I was thrilled when they both decided to become Canadian citizens and we celebrated by going out for a Canadian breakfast with some of our "horsey" friends. Judy is truly a Renaissance woman, just as comfortable entertaining the Prime Minister of Canada as she is tending a lame horse.

Ridley will change without Rupert, Judy and their dog Maggie. I will miss them all but I look forward to getting to know the Leighs and how they will leave their mark on the school. This time I hope to be less cautious about getting to know them. After all - change is good.
